Please be informed that Sriracha Engineering Service Company Limited, its business nature is engineering service to search for machines with registered capital of 3.0 million bath and is a subsidiary of S & J International Enterprises Public Company Limited with investment ratio 51%. The **company** had resolution from Extra Ordinary Meeting No.1 /2007 held on March 30, 2007 to register to wind up the company due to strong competition in industrial machine market coupled with slowing down of Thai economy causing difficulties to find customers to build up sales. To prevent from incurring loss which may happen in the future, the subsidiary company had registered to wind up the company with Department of Business Development, Ministry of Commerce and the registrar already received such aforementioned registration on March 30, 2007. As such, such winding up does not effect to company's operation.

Please be informed and kindly post these informations at your earliest convenience.

Sincerely yours,

(Mr.Thirasak Vikitset)
